PROFILE

Passionate and detail-oriented Web Developer with deep expertise in UI/UX design and e-commerce solutions. Dedicated to crafting beautiful, high-performance websites that drive business results. Proficient in modern web technologies, bringing digital visions to reality through clean code, responsive design, and strategic SEO optimization.

KEY PROJECTS

IZ Computer Academy

LARAVEL · PHP

LMS WEBSITE

Engineered a comprehensive online learning and training platform delivering structured educational experiences with robust course management and student tracking.

Skin Lovers Clinic

WORDPRESS

HEALTHCARE WEBSITE

Designed an advanced skin care clinic website tailored to highlight dermatology, cosmetology, and laser treatments with a clean, trust-building aesthetic.

Zentrix Fashion

WORDPRESS · WOOCOMMERCE

MODERN CLOTHING STORE

Developed a premium online fashion outlet aimed at improving product presentation and maximizing conversion rates through strategic UX design.

TryOnce Watch Store

WORDPRESS

E-COMMERCE WEBSITE

Crafted a sleek online boutique dedicated to premium watches, ensuring a user-friendly and aesthetically pleasing shopping journey that reflects brand prestige.

Farhan Collection

WORDPRESS

ETHNIC WEAR STORE

Deployed an expansive online fashion catalog tailored specifically for traditional and modern women's ethnic wear with intuitive navigation and rich visuals.

Aziz Box

WORDPRESS

CORPORATE BUSINESS WEBSITE

Designed a professional packaging and corporate business platform providing transparent product and service portfolios with a strong brand identity.

✦ These are select highlights from a wider portfolio. Many more projects — spanning custom Laravel apps, multi-vendor stores, service websites, and landing pages — are available upon request or viewable at mohdburhan.me.

APPROACH

Every project begins with understanding the client's business goals. From there, design and code serve a single purpose — measurable results, not just aesthetics.

AVAILABILITY

Open to freelance projects, long-term contracts, and full-time roles.
